

United States Department of Agriculture

Office of the Secretary  
Washington, D.C. 20250

JAN 18 2005

The Honorable John Paul Woodley, Jr.  
Assistant Secretary of the Army for Civil Works  
The Department of the Army  
108 Army Pentagon – Room 3Echo 446  
Washington, D.C. 20310

Dear Mr. Woodley:

In 1994, the Department of Agriculture (USDA), the Environmental Protection Agency, the Department of the Interior, and the Department of the Army entered into a Memorandum of Agreement (MOA) to streamline wetland delineation processes on agricultural lands, promote consistency between the Clean Water Act (CWA) and the Food Security Act (FSA), and to provide predictability for USDA program participants. Since the MOA was signed, the FSA has been amended twice (the Federal Agriculture Improvement and Reform Act of 1996 and the Farm Security and Rural Investment Act of 2002). As a result, the MOA is in conflict with current statute. In addition, differences now exist between the FSA and the CWA on the jurisdictional status of certain wetlands (e.g., prior converted cropland or isolated wetlands may be regulated by one agency, but not the other).

Therefore, effective immediately, USDA intends to withdraw from participation in the MOA, and no longer make wetland determinations for purposes other than implementation of the Swampbuster Provisions of the FSA.

If we can be of further assistance, please contact Thomas W. Christensen, Acting Deputy Chief for Programs, NRCS, at (202) 720-4527.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Rey".

for MARK REY  
Under Secretary  
Natural Resources and Environment
